All you need to know about the Feather Fixer:
What's been happening and what's ahead

I am a leadership problem solver. I strengthen organisations at the top with straight-talking mentoring and an abundance of common sense. I'm the go-to for CEOs and senior leaders who need clarity, not confusion. Talk to me about mentoring or consultancy to make you stronger.

I am Maura Jackson and with 18 years experience as a CEO I work as a non-executive director and mentor to CEOs and Senior Leadership Teams.

I'm the partner who will come in and guide leaders through the tough stuff, clear the path, and help leaders lead boldly, with purpose, clarity, and impact thus stepping into their full potential.

LEADERSHIP LOUNGE...

a 12 month executive learning seminar began 23rd September started off with great gusto, 12 members all listening to Sharon Amesu, and she was outstanding!

The discussion focused on themes that emerged from our conversation and the challenges of remaining courageous, curious and resilient when we are spinning so many plates.

I spoke about the skillset required to let things go, and by letting go I mean delegating, brushing things off, remaining confident in our decision making, maintaining perspective, ignoring nonsense, outsourcing, upskilling and more.

Because when we become the bottle neck, everything stops. We didn't solve everything but we explored techniques that we could apply and practice and we reminded ourselves we are human and need to rely on what we know is true about our own qualities and take a deep breath.

Leadership lounge is £88 a session for an interactive session with me and a guest expert, somewhere to think, learn and apply to your own situation or business.

Next time we have Steven Watson, Time Master.
